Sir:

**INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicant brings to the attention of the Examiner the documents listed on the attached Form PTO/SB/08. This Information Disclosure Statement is being filed concurrently with a Request for Continued Examination.

Copies of the non-U.S. patent documents are enclosed herewith. Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

The present application is a continuation of Application No. 10/085,406, now U.S. Patent No. 6,896,680, which claims priority to provisional Application No. 60/272,382. Patent No. 6,896,680 is also the parent of Application No. 10/809,149, now U.S. Patent No. 7,314,468 and Application No. 10/938,381 (U.S. Patent Publication No. 2005/0043741). The present application is the parent of Application No. 11/511,112 (U.S. Patent Publication No. 2007/0016220). Applicant's co-pending Application No. 11/799,406 (U.S. Patent Publication No. 2007/0213739) and its parent, Application No. 10/125,847, now U.S. Patent No. 7,211,085, also claim priority to provisional Application No. 60/272,382.

The present application is also commonly owned and has similar subject matter to the following patent and application:

U.S. Patent No. 6,986,772, which is the parent of Application No. 11/132,140 (U.S. Patent Publication No. 2005/0216085).

Applicant also brings to the attention of the Examiner the file history (the Office Actions and responses) of each of the submitted patents and applications. While the individual Office Actions and responses are not attached hereto, they are available in each of the file wrappers in the Patent Office, through PAIR, or will be provided by Applicant at the Examiner's request.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any additional fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 50-3726.

Respectfully submitted,

MARTIN & FERRARO, LLP
